Alternate Access® to Feature Multiple Voice over IP Phone System Solutions at 2008 Business Expo

RALEIGH, N.C. (April 14, 2008) – Alternate Access®, a leading provider of converged communications solutions, will feature its multiple, best-in-class Voice over IP phone solutions at the 2008 Business Expo this Thursday, April 17. The event, hosted by the Greater Raleigh Chamber of Commerce, will take place in the Jim Graham building at the State Fairgrounds.

Visitors to the Alternate Access booth, number 361, will learn how the company combines Voice over IP and enterprise call center capabilities with existing applications in a variety of industries.

“At the expo, the Alternate Access team will be available to talk with booth visitors and provide insight into how our phone systems can help their businesses,” Adrienne Lumpkin, Alternate Access president and director of marketing said. “Whether a business employs a few people or a few hundred people, we provide customized solutions across the board that will improve staff productivity and customer service, while lowering operations costs.”

Visitors to booth number 361 will be able to experience select Alternate Access solutions firsthand via interactive demonstrations and view a presentation on the benefits of various solutions.
